

May 17, 2024 Meeting Minutes

Called to Order: 08:35

Eckert reports:

Special meeting has been assembled for the purpose of addressing the Boeing fire lockout. A motion was brought forward in E-Board to send additional funds to contribute to the strike fund.

Paul motions

Motion to send \$2400 to Boeing L-66 strike fund.

Seconded, Hoston

Discussion follows, Members note:

- L-66 is locked out and they are not receiving pay. 7th District has organized a strike fund with the goal of getting each locked out member \$400 weekly, bare minimum to keep lights on.
- weeks ago L710 sent \$1600, this was decided by E Board and discussed at the following meeting, with this motion for more money E Board decided it was most appropriate to go to the whole body for a vote
- The last locked out or striking Local was CDA in 1977, back then strike funds were also collected and at that time we were on the receiving end.

Robinson offers a friendly amendment changing amount to send \$10,400. Paul accepts the amendment.

Several speak in support of motion, many noting the significance of being the last local in this position.

Hoston calls for vote

Voting on, motion to send \$10,400 to L-66 for strike fund.

Unanimous pass

(total contributed will now be \$12,000)

Meeting adjourned
